LL1410	8W/M	3000K/4000K/6500K	Motion Sensor Switch	DC12V Constant Voltage Drive	Oxidized Punk Gray

IR hand scanning sensing embedded lamp

◆ Product Description:

- This is a type of embedded LED lamp which can be almost flush-fitted in the pre-cut slot.
- Human body sensing device, needing no switch connection.
- Lamp will light up when one comes and will go off with delay when one leaves
- Design advantages: With no light point, avoiding glare
- Suitable for cupboard bottom, cabinet inside, cabinet edges, tall cabinet, wine cabinet, decorative cabinet, showcase, etc.

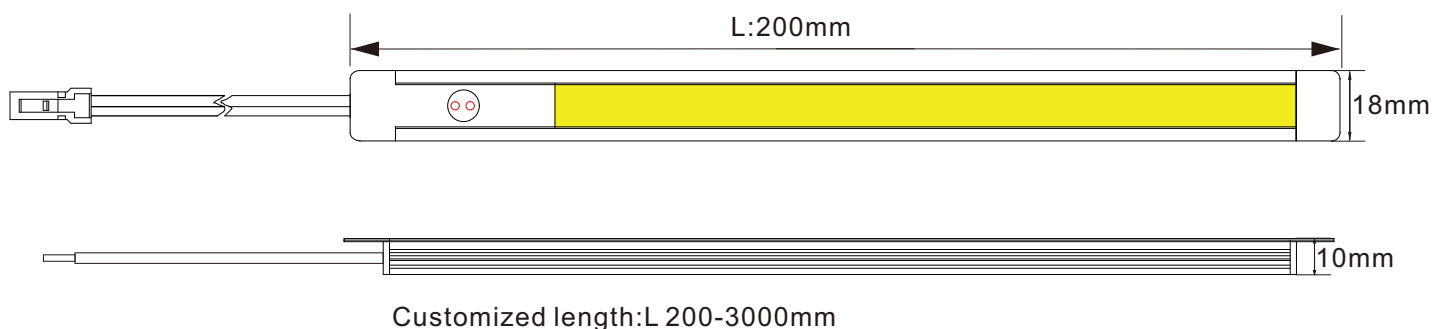

◆ Product Datasheet

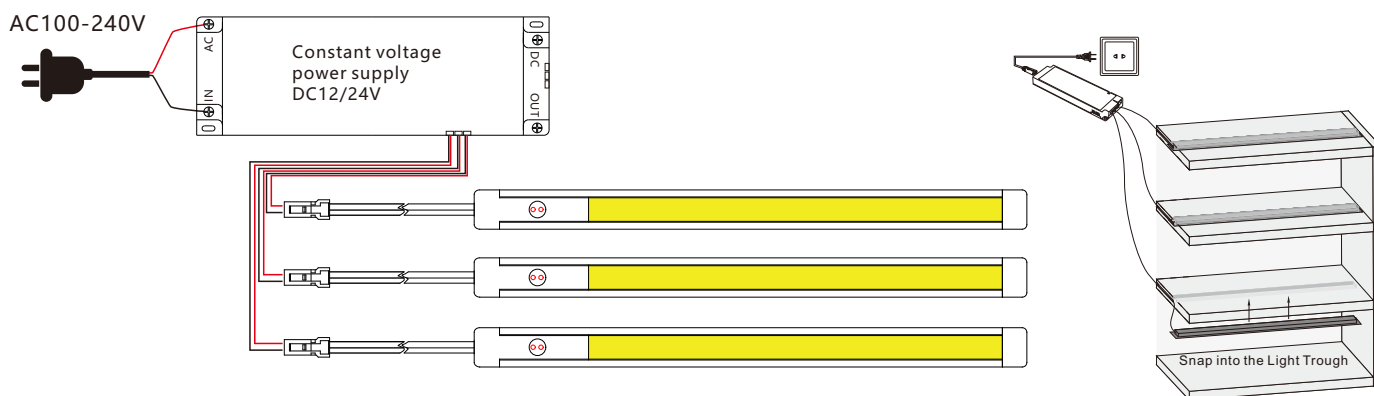

Product Number	B018300ZB1LZ
Operating Voltage	DC12V
Power	8W / M
SMD Type	COB
LED Qty	300LED
CCT	3000K/4000K/6500K
Option Color	Iron Grey
Beam Angle	120°
Ra	90
Size (mm)	200x18x10mm
IP Rate	IP20
Operation Temperature	- 25 ~ 60°C

Note: The light length can be customized and cut to any required size on demand.

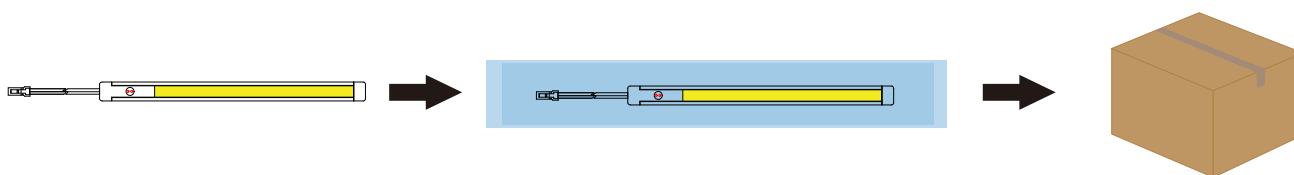

Outline Dimension (unit mm)

Wiring diagram

Packaging method

Applications

Wine Cabinet / Wine Rack

Cabinet

Merchandise Display Cabinet / Sales Cabinet
