Solder-free embedded light strip

◆ Product Description:

- Innovative crystal end cap, soft light, anti-glare, more high-end
- Plug-type, solder-free, easy to install, with conductive plug directly plugged in for light strip conduction, saving trouble and labor.
- Aluminum profile includes linear light strip and plastic cover. Can be installed in any place
- Suitable for cupboard bottom, cabinet inside, cabinet edges, tall cabinet, wine cabinet, decorative cabinet, showcase, etc.

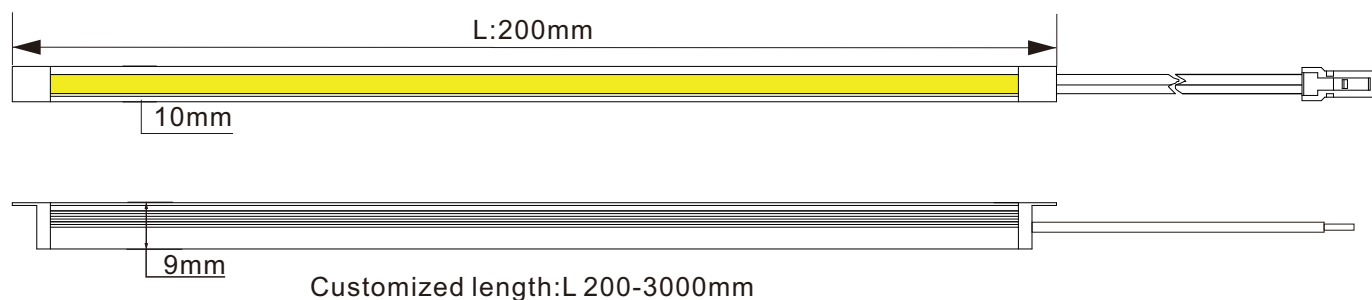

◆ Product Datasheet

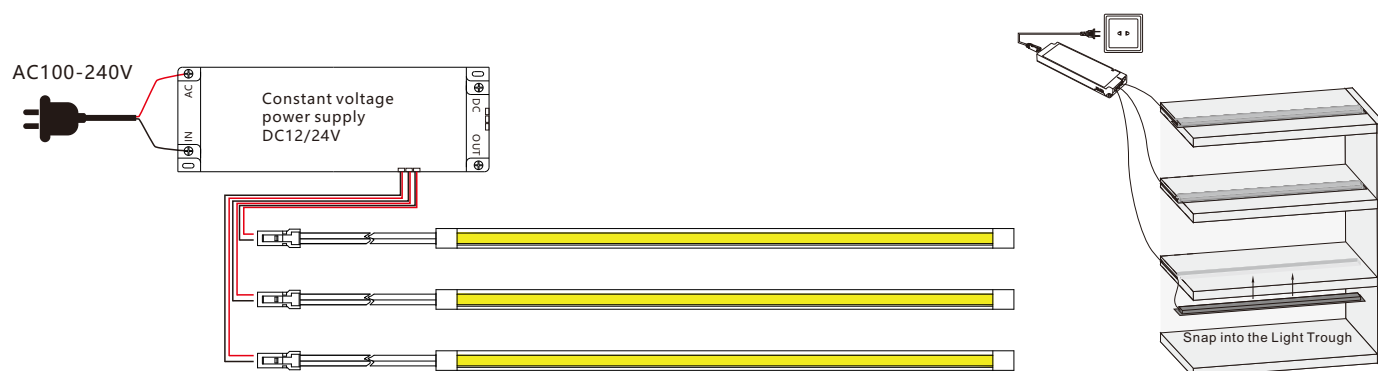

Product Number	B007130UB1LZ
Operating Voltage	DC12V
Power	8W/M
SMD Type	SMD1612
LED Qty	130LED
CCT	3000K/4000K/6500K
Option Color	Black-Iron Grey
Beam Angle	120°
Ra	90
Size (mm)	200x7x9mm
IP Rate	IP20
Operation Temperature	- 25 ~ 60°C

Note: The light length can be customized and cut to any required size on demand.
